

# Addition + Subtraktion 5

## (Lösung)

1. Schreibe untereinander und rechne schriftlich

$356 + 134$	$364 + 621$	$563 + 239$	$321 + 128$	$121 + 179$
= 490	= 985	= 802	= 449	= 300

2. Im Kopf

$570 + 340 = 910$	$230 - 160 = 70$	$510 + 80 = 590$
$750 + 80 = 830$	$150 + 20 = 170$	$720 - 40 = 680$
$560 - 210 = 350$	$230 + 330 = 560$	$540 + 410 = 950$
$130 + 90 = 220$	$560 - 70 = 490$	$560 + 50 = 610$
$340 - 160 = 180$	$740 + 640 = 1380$	$570 - 540 = 30$

3. Rechne mit Umkehraufgabe

$125$	$755$	$124$	$154$
$+ 156$	$+ 159$	$+ 246$	$+ 148$
$281$	$914$	$370$	$302$
$281$	$914$	$370$	$302$
$- 156$	$- 159$	$- 246$	$- 148$
$125$	$755$	$124$	$154$

$825$	$753$	$524$	$554$
$- 156$	$- 459$	$- 246$	$- 148$
$669$	$294$	$278$	$406$
$669$	$294$	$278$	$406$
$+ 156$	$+ 459$	$+ 246$	$+ 148$
$825$	$753$	$524$	$554$
